

2022 Community Service Volunteer Officer General Award

Congratulations to Brandi Morton!

Brandi Morton
AVP/Relationship Manager
Kilgore

Brandi Morton, AVP/Relationship Manager, was selected as a 2022 Community Service Award winner to recognize her work with the East Texas Treatment Center (ETTC). Morton is Vice President on the Board of Directors and has been working with the organization for just over a year.

The ETTC began as a dream of concerned citizens who wanted to make physical therapy available for individuals suffering from cerebral palsy and other physical handicaps. Opening in 1950 in a small house in Longview, the Center has grown exponentially and moved in 1962 to its current 15,000 square foot building. In addition to name changes through the years, the services offered have also expanded to now include not just physical therapy, but occupational therapy; speech and language therapy; audiology services; cardia rehabilitation; neuropsychology services; social services; orthotic and prosthetic services, hippotherapy and more.

As a member of the Board, Morton uses her financial knowledge to make recommendations and answer questions regarding the Center's financial reporting. Joining the Board during a time of transition, they had the large task of repairing some administrative areas and greatly influencing operations. Additionally, she has served as a volunteer and attendee for several fundraising efforts that support the Center financially.

A member of the Austin Bank team since 2009, Morton moved to the Kilgore office in 2018. In addition to her service with ETTC, she is a member of the Kilgore Chamber of Commerce and the Rotary Club of Kilgore. Morton and her husband, Scott, live in Longview and share four children.

"While there are multiple options for rehabilitation facilities in the area, ETTC is unique in that it is a non-profit organization offering a sponsorship program for qualified individuals to have some, or all, of their treatment covered in instances where they might not have the financial means to do so themselves."
